Radio

Joey Fatone

Good Morning, Jane
Oh, wait, don't touch that dial
I've got something to say
Just lay there and listen for awhile.Do you still write that guy?
The one who took my place in our bed
I wrote a song
It's one you can't get out of your head.You always said you loved hearin' me sing
Always said I didn't amount to anythingWell I'm on your radio
Someone you used to know
I'm on your radio
Straight up the charts I'll goDo you think of me now?
Oh, baby, just you wait and see
I'm sellin' out
I'm pushing soft drinks on TVCome to my show
Tell you what,
I'll put you plus one on my list
Don't get too close
One of my handlers might get pissedI used to think that we were forever
In a way girl we're still togetherI'm on your radio
Someone you used to know
I'm on your radio
I'm future TokyoThey say money can't buy you happiness
Lies, lies, lies, liesI'm on your radio
Someone you used to know
I'm on your radio
I'm on your radioYeah!
