About Us

JOY.

I've been thinking
I've been thinking
I've been thinking
About us
I've been thinking
I've been thinking
I've been thinking
Bout what we had
I've been thinking that you're gonna come around on the whole
And I suddenly saw that
I suddenly saw that
Everytime you walk away I still need you by my side
Everytime you call me up again, you know I loved you but you lie
You know I loved you but you lied to me
And I'm trying to move on from you
Yeah I'm trying to move on from you
And I'm trying to let go of you
Really I'm trying to move on from you
I've been thinking
I've been thinking
I've been thinking
About us
I've been thinking
I've been thinking
I've been thinking
Bout what we had
I've been thinking about how there's somebody else
And that's just too bad
That's just too bad
Every time you walk away I still need you by my side
Everytime you call me up again
You know I loved you but you lied
You know I loved you but you lied to me
Can you find it in yourself to stay
Take what you need dont just walk away
You knew that I was too good for you
I can see it's holding you
And I'm trying to move on from you
Yeah I'm trying to move on from you

And I'm trying to let go of you
Baby I'm trying to move on
From you
