

# Example

## Curren\$y

Yeah  
And  
Where..  
Haven't..  
We..  
Been yet  
Uh  
They look up the Jets  
You can't stop the planes  
Nigga you can't do a thang Verse: Uh machete sharp  
My dream's realized a Ferrari horse  
Global domination ruling ma thoughts  
Never let 'em play you  
Fuck 'em sideways, always until they pay you  
Reimburse me for payed dues  
The money made me move  
Running thru my shoes  
For the day that I can kick 'em off  
Relax  
I said i quit smoking these beats but I relapsed  
We heard yo shit and we laugh  
That bitch saw that herb you twisting and she passed  
She rather see me make that 6-4 lean back  
Flow hippy, comfortable bean bags, chill  
I tell you a secret if you can keep it  
Shhhhl, real  
Sucker ass niggas cooking all kind of bullshit  
Suckatash all stuck to the dishes  
Wonder why i won't eat with ya  
Boss tha fuck up  
Be someone, nigga  
I am an example of what happens when you quit being afraid to gamble  
Shook the dice and rolled  
When niggas like you woulda stay shook and frozed  
I get busy  
You think you know you aint sure Fool.
