# City to City

## Ratt

Advisory - the following lyrics contain explicit language:

Street fights all the time
I take a chance into the night
I've got to hear the thunderNight life dies hard
Keeps me on my guard
It's like a spell I'm under'Cause I'm runnin' city to city
And all points in between
I'm movin' city to city
You can find me on the streets
Feel my heatDead heat makes me blind
You might think I'm a rebel kind
There ain't no way I'm gun shyDizzy blonde out of reach
All my stuff on the asphalt beach
I know you think I'm crazy'Cause I'm runnin' city to city
And all points in between
I'm movin' city to city
I'm runnin' between the sheetsOh, city
(City)
City
(City)
City
(City)
Oh city'Cause I'm runnin' city to city
And all points in between
Well, I'm movin' city to city
I'm runnin' between the sheetsI'm runnin' city to city
And all points in between
An' I'm movin' city to city
I'm runnin' between the sheetsOn the streets
(On the street)
Feel the heat
(Feel the heat)
City, hey
