

# Anything You Sent

## Joy Zipper

Everyone looked like you  
I love you so much that I love them too  
I love them too, I love them too  
Anything you sent I held like a child  
Cause if it got broke, I felt like you died  
I felt like you died, I felt like you died  
Anything you sent, I held like a child  
Anything that you sent, I held like a child  
Anything you sent, I held like a child  
Everyone looked like you  
I love you so much that I love them too  
Anything you sent, I held like a child  
If it got broke, I felt like you died, like you died  
As big as the sky, as deep as the sea  
I always knew you would come back to me  
Come back to me, come back to me  
Anything you sent, I held like a child  
Anything that you sent, I held like a child  
Anything you sent, I held like a child  
Everyone looked like you  
I love you so much that I love them too  
Anything you sent, I held like a child  
If it got broke, I felt like you died. like you died  
Everyone looked like you  
I love you so much that I love them too  
Anything you sent, I held like a child  
Cause if it got broke, I felt like you died, like you died
