

Drama Queen

Green Day

She is my Drama Queen
She is so wild and reckless
She is my Drama Queen
She dangles from her necklace
Daddy's little bundle of joy
Out of a magazine
Everyone's Drama Queen
Is old enough to bleed now
She is my Drama Queen
Her life has now unfolded
There goes my Drama Queen
What do you think she's holding?
Hey little Drama Queen
Oh did you find your savior?
Oh little Drama Queen
You better call a lawyer

Daddy's little bundle of joy
Out of a magazine
Everyone's Drama Queen
Is old enough to bleed now
Everyone's Drama Queen
Is old enough to bleed now
Hey little Drama Queen
From here to San Francisco
Everyone's Drama Queen
I think she's going psycho
Daddy's little bundle of joy
Out of a magazine
Everyone's Drama Queen
Is old enough to bleed now
She's old enough to bleed now
She's old enough to bleed now
