## The Conjuring

## **Megadeth**

Welcome to out sanguinary sect of worship

Feel at home in our black conventicle

As we anathematize all of those who oppose usDon't summon the devil

Don't call the priests

If you need the strength

The conjuring, obeyBehold the flames rise From the compass cardinal points

Burn the sacred oil

And, with the ashes you'll anointArrange the symbols

Of the wizard, and, magician

Light the candles

Place the parchment paper in positionBetween it's leaves place

The lash from a black cat's eye

A straw of a broom

Fold, burn, centralizeDon't summon the devil

And don't call the priests

If you need the strength

The conjuring I am the devil's advocate

A salesman, if you will

You know my name

You know my nameI met your father years ago

Gave him what he'd please

He called my name

You'll do the sameI'm claiming what is mine by right

It's time to close the deal

You're bought and sold

Bought and soldCome join me in my infernal depths

Mephisto hall of fame

I've got your soul

I've got your soulThe conjuring

Obey
