Magic

Craig David

If you're ever in doubt
Let me break it down
Somethin' about the things you do
Baby, when I get next to you
If you're ever in doubt
Let me spell it out, girl
When I'm here next to you
It feels so magicalM for the way you make me feel
A 'cause you always keep it real
G for the girl that got me good
I see the world the way I should, oh
M for the way you make me feel
A 'cause you always keep it real
G for the girl that got me good
I see the world the way I should
When I'm with you, ooh
When I'm with you, ooh
Magic
When I'm with you, ooh
When I'm with you, ooh
MagicIf you're ever in doubt
Let me break it down
Somethin' about the things you do
Baby, when I get next to you
If you're ever in doubt
Let me spell it out, girl
When I'm here next to you
It feels so magical
M for the way you make me feel
A 'cause you always keep it real
G for the girl that got me good
I see the world the way I should, oh
M for the way you make me feel
A 'cause you always keep it real
G for the girl that got me good
I see the world the way I shouldWhen I'm with you, ooh
When I'm with you, ooh
Magic
When I'm with you, ooh

When I'm with you, ooh
MagicOh, I
If you're ever in doubt
Let me break it down
Magic, magic
If you're ever in doubt
Let me spell it out
Magic, magicM for the way you make me feel
Make me feel
A 'cause you always keep it real
Keep it real
G for the girl that got me good
I see the world the way I should, oh
M for the way you make me feel
Make me feel
A 'cause you always keep it real
Keep it real
G for the girl that got me good
I see the world the way I shouldWhen I'm with you, ooh
When I'm with you, ooh
Magic
When I'm with you, ooh
When I'm with you, ooh
Think it's some kind of
