If You Were Here

Cary Brothers

And if you were here, I could deceive you
And if you were here, you would believe
And would you suspect my emotions wanderin'? Yeah
Do not wanna part to this anymoreThe rainwater drips through the cracks in the ceilin'
And I'll have to spend my time on repair
And just like the rain, I'll be always fallin', yeah
Only to rise and fall againAnd if you were here, I could deceive you
And if you were here, you would believe
And would you suspect my emotions wanderin'? Yeah
Do not want to part this anymoreAnd if you were here, I could deceive you
And if you were here, you would believe
But just like the rain, I'll be always fallin', yeah
Only to rise and fall again
