

Camera Talk (KEXP Session)

Local Natives

We're running through the aisles
Of the churches still in style
Does this city have a curfew?
Don't you know it's good to see you too? The riders on the chan de lise
We are the tourists in the cafes
We drank our wine along the river
Not believing where we were at all It's alright, the camera's talking, oh
And even though I can't be sure
Memory tells me that these times are worth working for The buffalo in Catalina
The colored stones and troop leaders
The voices of the canopy singers
Ensured that we wouldn't sleep for long I knew this would be the part
My plane's arrival catches me off guard
We'll all be leaving with a broken heart
Wallets empty and we're back at start It's alright, the camera's talking, oh
And even though I can't be sure
Memory tells me that these times are worth working for It's alright, the camera's talking, oh
The cistern is not even full
The cistern is not even, the cistern is not even It's alright, the camera's talking, oh
And even though I can't be sure
Memory tells me that these times are worth working
