

Swing It

Brooks & Dunn

(Music)

Its a white dot coming at you fast
Its a little spot snaking through the grass

Take your best shot

Show a little class

Itll come to ya

Keep your head in the game

Take the bat

Put it in your hands

Pull down your hat

Look right at the man

Be cool cat

Stick to the plan

Dont listen to the noise

Of the fans in the stands

Keep swinging it

Keep swinging it

Keep swinging it

You can do it

You can do it

You can do it

You can do it

(Music)

Now keep in mind

That anything can happen

Take your time

Not this or maybe that one

Tow the line

Stick with it friend

Sure enough

Got to be present to win

Keep swinging it

Keep swinging it

Keep swinging it

You can do it

You can do it

You can do it

You can do it

(Music)

Its a white dot coming at you fast
Its a little spot snaking through the grass
Take your best shot
Show a little class
Itll come to ya
Keep your head in the game
Keep swinging it
Keep swinging it
Keep swinging it
You can do it
You can do it
You can do it
You can do it
Keep swinging
Keep swinging
Keep swinging
You can do it
You can do it
You can do it
You can do it
(Music)
