

# Peace Sign (feat. CÅ“ur de pirate) [Acoustic]

## Lights

If they take my hand will it be to burn me or to say amen  
We beckon so we can make amends  
And with the same flip of the hand we curse our friends  
Where it's all a blur, you are the hard line  
In the disorder, you are the peace sign It's getting hard to know  
If I'm on the tracks or off the beaten road  
When no truth ever easily shows  
So I'll follow you no matter where you go And when it's all a blur, you ore the hard line  
In the disorder, you are the peace sign  
And when the riots stir, you are the sound mind  
And in the disorder, you are the peace sign I can't tell if they're laughing at me or with me  
All these hints and subtleties they got me on  
My knees begging for serenity  
And when it's all a blur, you are the hard line
