Epoch Of Denial

Sinister

Epoch of denial
Visual deceit
two horned grown in man
disembody theeEntreaty of lies
from her melting face
isolent contempt
to divide god's waysRise to the horns of capricorn
burn at the stake witch burn
inside the womb dies her unborn
melt into one repentExecrate the human whore of beast
rise from the blackened soilReborn the epoch of truth
torture purified the soul
virgin cleansed from demon seed
no longer alive but freeSacrifice
innocent life
your fear of god
is fed by superstitionI summon on thee
victims of inquisition
gather and feed from the corpseSubmit to the call of the beast
rise from the blackened soilReborn the epoch of truth
torture purified the soul
virgin cleansed from demon seed
no longer alive but free.
