Shake It Off

Take 5

Shake it offChillin' in the club, got my boys with me
And the party's all jumpin' in the VIP
The deejay's playin' my favorite beat
And I'm havin' a good time, babyLooked across the room, what did I see
A really fly girl who to leave with me
She was burnin' up the place, she was shakin' that
Shake
And she was so fine, so fine5 Months just to get to know your name
5 Weeks show you why I play your game
5 Days for you to even let me call over to your house
Babe
5 Hours on the phone beggin' you
5 Minutes and I'll be kissin' you
5 Seconds, you got me in a shaky mood, now is the timeSomebody better shake it off (Shake it off)
Shake it off (Shake it off)
I know you wanna shake it off (Shake it off)
So shake it off (Shake it off)Shake it off (Shake it off)
Shake it off
Oh, baby, shake it off
So shake it off, shake it offOh, oh, oh, oh, ohShake it offNow the woman don't come show me how
I really wanna learn how you get down
Don't make me wait ?cause I'm ready now
Let's get busy one timeStart shakin' that body from left to right
Didn't even get tired, she could do it all night
This girl don't put it on me just the way I like
I think I love her, I want herIt took me 5 months just to get to know your name
5 Weeks show you why I play your game
5 Days for you to even let me call over to your house
Babe
5 Hours on the phone beggin' you
5 Minutes and I'll be kissin' you
5 Seconds, you got me in a shaky mood, now I think
It's timeSomebody better shake it off (Shake it off)
Shake it off (Shake it off)
I know you wanna shake it off (Shake it off)
So shake it off (Shake it off)Shake it off (Shake it off)
Shake it off
Oh, baby, shake it off
So shake it off, shake it offI've never been the kind

To fall in love from sight
Say an endless flight
Won't write it in my lifeNow you took control of me
Oh, the heart and soul of me
Hey, ain't got a hold of me
Now I can shake it down1-2-3, Throw your hands up high
4-5-6, Wave from side to side (Shake it off)
7-8-9, Let me see you shake
10-11-12, Come on, let's do it again (Shake it off)Shake it off (Shake it off)
Shake it off (Shake it off)
I know you wanna shake it off (Shake it off)
So shake it off (Shake it off)Shake it off (Shake it off)
Shake it off
Oh, baby, shake it off
So shake it off, shake it offOh, oh, oh, oh, ohShake it off
