I Honestly Love You

Susan Wong

Maybe i hang around here
A little more than i should
We both know i got some where else to go
But i got something to tell you
That i never thought i would
But i believe you really ought to know
I love you
I honestly love youYou don't have to answer
I see it in your eyes
Maybe it was better left unsaid
But this is pure and simple, and you must realize
That it's comin' from my heart and not my head
I love you
I honestly love youI'm not tryin' to make you feel uncomfortable
I'm not tryin' to make you anything at all
But this feeling doesn't come along everyday
And you shouldn't blow the chance
When you've got the chance to say
I love you
I honestly love youIf we both were born in another place and time
This moment might be ending in a kiss
But there you are with yours
And here i am with mine
So i guess we'll just be leavin' it at this
I love you
I honestly love you
I honestly love you
