

# I Honestly Love You

Susan Wong

Maybe i hang around here  
A little more than i should  
We both know i got some where else to go  
But i got something to tell you  
That i never thought i would  
But i believe you really ought to know  
I love you  
I honestly love youYou don't have to answer  
I see it in your eyes  
Maybe it was better left unsaid  
But this is pure and simple, and you must realize  
That it's comin' from my heart and not my head  
I love you  
I honestly love youI'm not tryin' to make you feel uncomfortable  
I'm not tryin' to make you anything at all  
But this feeling doesn't come along everyday  
And you shouldn't blow the chance  
When you've got the chance to say  
I love you  
I honestly love youIf we both were born in another place and time  
This moment might be ending in a kiss  
But there you are with yours  
And here i am with mine  
So i guess we'll just be leavin' it at this  
I love you  
I honestly love you  
I honestly love you
