

# Trainspotter

## Sham 69

There's sand in my hair from the wind and the sea  
I've just come up from Brighton  
Don't mean nuffin' to me  
Did you go to Newbury?  
Did you climb a tree?  
I've just come up from Brighton  
Don't mean nuffin' to me You trainspotter, you got to give it up  
Trainspotter, I wish you'd all shut up  
Trainspotter, you got to give it up  
Trainspotter, I wish you'd all shut up There's needles in the kitchen  
And there's chocolate on the floor  
Someone's in the dustbin and I can't take anymore  
I'm talking to my brother  
Who keeps calling me a muther  
I've just come down from London  
Don't mean nuffin' to me Trainspotter, can't take any more  
Trainspotter, you're such a fucking bore  
Trainspotter, why don't you give it up  
Trainspotter, I wish you'd all shut up Oh there's sand in my hair from the wind and the sea  
I've just come up from Brighton  
Don't mean nuffin' to me  
Did you go to Newbury?  
Did you climb a tree?  
I've just come up from Brighton  
Don't mean nuffin' to me You trainspotter, you got to give it up  
Trainspotter, I wish you'd all shut up  
Trainspotter, you got to give it up  
Trainspotter, I wish you'd all shut up
