Run to Me

Cowboy Mouth

i never thought that they could bind you
they could grind you
so i tried to look inside to find myself
and turn you into someone elsei never thought i'd ever find you
you never thought i would believe you
thought i'd leave you
to face your worries all alone
you only wanted them to need youso you'd never have to spend the night alone
well take a chance and run to me
run to me
run to me
we'll see everything there is to see
find it deep inside of yourself and run to metry to shame us
for things we never do or say
why did they always try to blame us
cause i never really liked them anyway
i swear to God they'll never tame us
run to meso take a chance and run to me
find it deep inside of yourself and run to me
run to me
we'll see everything there is to seei dont plan on stickin round
for this world to kick me down
waiting for us
there's so much out there
you better live until you die
well hold on tight its one hell of a ride
im kinda tired of asking whyso take a chance and run to me
run to me
run to me
find it deep inside of yourself and run to me
run to me
run to me
take a chance and run to me
run to me
run to me
run to me (4x)find the inspiration now to run to me
