

# Dance So Good (Full Band Version)

## Wakey! Wakey!

I remember when you lost your head  
Sometimes I wonder how you stay so sad when you're so beautiful  
And I remember every word you said  
How you were scared because you never been somewhere so beautiful, so beautiful So tell me why we're talking  
when we dance so good  
So tell me why we're talking when we dance so good  
And I know you can't stay but I wish you would  
Yeah I wish you would, I wish you would So now you tell me that you're on the mend  
Sometimes I wonder how you don't go mad when you're so beautiful, so beautiful, so beautiful, so beautiful So  
tell me why we're talking when we dance so good  
So tell me why we're talking when we dance so good  
And you know you can't stay but I wish you would  
Yeah I wish you would, yeah I wish you would Remember when you lost your head  
Sometimes I wonder how you stay so sad when you're so beautiful  
You're so beautiful, so beautiful, so beautiful  
So BEAUTIFUL, So BEAUTIFUL So tell me why we're talking when we dance so good  
Yeah tell me why we're talking when we dance so good  
And I know you can't stay but I wish you would  
Yeah I wish you would, yeah I wish you would
