

# Built to Last

## Tom Petty & The Heartbreakers

Somewhere out my doorway  
Somewhere down my block  
I can hear her heartbeat  
In rhythm with my clockI want her more than diamonds  
I want her more than gold  
I want her more than anything  
Anyone could holdWe were built to last  
On until forever  
The world is changing fast  
Oh, but our love was built to lastShe has followed me down  
Along some empty streets  
She has followed me where  
The rain would fall in sheetsAnd I know I've been changing  
Changing like the wind  
I was feeling burned out  
I got tired of itWe were built to last  
On until forever  
The world is changing fast  
Oh, but our love was built to lastWoah  
WoahSo come to me, my darling  
Hold me while I sleep  
I know you feel lost  
But you're not in too deepWe were built to last  
On until forever  
The world is changing fast  
Oh, but our love was built to lastWe were built to last  
On until forever  
The world is changing fast  
Oh, but our love was built to last  
Yeah, our love was built to last
