Fell For You

Green Day

I woke up in pool of sweat
First thought that I pissed the bed
Haunted stories in the midnight hour
The Kiss of Death from the Eiffel Tower
Then I went down, like the speed of sound
You're out of sight, but not out of mind
I had a dream that I kissed your lips
And it felt so true
Then I woke up as a nervous wreck
And I fell for you
I'll spend the night, living in denial
Making paper planes, just for a while
I'll crash into you
Crash into you
'cause you crashed in my imagination too
Break a leg and crush my heart
I'm a mess and you're a work of art

Count your blessings going zero to five
I steal a kiss then I took a dive
Then I went down, like the speed of sound
You're out of sight, but not out of mind
I had a dream that I kissed your lips
And it felt so true
Then I woke up as a nervous wreck
And I fell for you
I'll spend the night, living in denial
Making paper planes, just for a while
I'll crash into you
Crash into you
'cause you crashed in my imagination.....
I had a dream that I kissed your lips
And it felt so true
Then I woke up as a nervous wreck
And I fell for you (3x)
