

Bouncy Castle

Ra Ra Riot

Birthday bathing suits
I remember just like every Jew
Same old favors here
Only one more I saw
The tower in slow mo
Blowing up for me
It's for love, you know If I'd mind
I could be [?]
Like the first time
I think that's cool
Bouncy castle
Bouncy castle
With my sword I spill
Blood of dragons
I'm prepared to kill
After battles and
Feel the power
With it I will
Bow down
Never all the way down
It's for love, you know
It's for love, you know If I'd mind
I could be [?]
Like the first time
I think that's cool
Bouncy castle
Bouncy castle
Then I saw you there
Frozen there for weeks
Up in the air
Lovers incomplete
If you gave your heart to me
I never want to go outside
Even if we die Too many
Too many
Higher than here
Into the castle
I wanna live here
Ready for battle

Lower than here
Into the castle
I wanna live hereIf I'd mind
I could be [?]
Like the first time
I think that's cool
Bouncy castle
Bouncy castle
Bouncy castle
Bouncy castle
