

# Desperate Lover

## Taj Mahal

Say it brother How do you feel when your baby is gone?  
How can you sleep with no one to keep you warm?  
You toss and turn, you cry all night  
It is such a feelin', it is an awful fright I made a mistake when I break her heart  
She couldn't stand it, she decided to part  
I've got to find her and apologize  
I want no one, she is just my size Yeah, yeah, oh  
Yeah, yeah, oh  
Yeah, ooh, oh  
Yeah, yeah How do you feel when your baby is gone?  
How can you sleep with no one to keep you warm  
You toss and turn, you cry all night  
It is such a feelin', it is an awful fright I make a mistake when I break her heart  
She couldn't stand it, she decided to part  
She couldn't stand it, she decided to part  
She could not stand it, she could not stand it  
She could not stand, no, no, no, no, no, ooh, la la
