

Good Bye Love

Dot Dot Dot

There's better ways to go
I guess you couldn't see this heartbreak through
You really shouldn't run so far away
You really shouldn't run so far away
To get there

I didn't take it slow
I guess I'll never be that safe I know
You really shouldn't run so far away
You really shouldn't run so far away
You really shouldn't run so far away
To get there

After all the world keeps spinning
I wish you didn't go
But I'm singing goodbye love
But she says goodbye love

Even though the stars are fading
It's sad to see you go
But I'm singing goodbye love
But she says goodbye love

I see you face the door
You must have heard me say this much before
You really shouldn't run so far away
You really shouldn't run so far away
To get there

You gotta a way to go
Right before the chorus you should know
You really shouldn't run so far away
You really shouldn't run so far away
You really shouldn't run so far away
To get there

After all the world keeps spinning
I wish you didn't go
But I'm singing goodbye love

But she says goodbye love

Even though the stars are fading
It's sad to see you go
But I'm singing goodbye love
But she says goodbye love

Out of time
Watching every moment pass me
Out of time
Where did all the years go
Out of time
And after all the words were said
After all the words were said
Goodbye

After all the world keeps spinning
I wish you didn't go
But I'm singing goodbye love
But she says goodbye love

Even though the stars are fading
It's sad to see you go
But I'm singing goodbye love
But she says goodbye love

Tah da da da da
Da da da da
