Star Sky

Two Steps From Hell

Here we are
Riding the sky
Painting the night with sun
You and I, Mirrors of light
Twin flames of fire
Lit in another time and placeI knew your name
I knew your face
Your love and grace
Past and present now embrace
Worlds collide in inner space
Unstoppable, the song we playBurn the page for me
I cannot erase the time of sleep
I cannot be loved so set me free
I cannot deliver your love
Or caress your soul so
turn that page for me
I cannot embrace the touch that you give
I cannot find solace in your words
I cannot deliver you your love
or caress your soulAge to age
I feel the call
Memory of future dreams
You and I, riding the sky
Keeping the fire bright
From another time and placeI know your name
I know your face
Your touch and grace
All of time can not erase
What our hearts remember stays
Forever on a song we playBurn the page for me
I cannot erase the time of sleep
I cannot be loved so set me free
I cannot deliver your love
Or caress your soul so
turn that page for me
I cannot embrace the touch that you give
I cannot find solace in your words
I cannot deliver you your love
or caress your soul
