Low

Foo Fighters

Hey you
Are you in there?
I'm stuck outside you
Ooh ooh

We could use
One another
Another like you
Ooh ooh

You be my passerby
I'll be your new one to pass through

Screws inside
Turn so tight
Turning on you
I'm hanging on you
Ooh ooh

Baby blue
Don't go nowhere
I'm right beside you
Ooh ooh

Me and you
Going nowhere
I'm right beside you
Ooh ooh

You be my passerby
I'll be your new one to pass through

Screws inside
Turn so tight
Turning on you
I'm hanging on you

Taking you as low as you go
As low as you go
Taking you as low as you go

As low as you go

You be my passerby
I'll be your new one to pass through

Screws inside
Turned so tight
Turn it on you
I'll hang it on you

Taking you as low as you go
As low as you go
Taking you as low as you go
As low as you go

Taking you as low as you go
As low as you go
Taking you as low as you go
As low as you go

Taking you as low as you go
As low as you go
Taking you as low as you go
As low as you go

Hey you
Are you in there?
I'm stuck outside you
Ooh ooh

We could use
One another
Another like you
Ooh ooh

You be my passerby
I'll be your new one to pass through

Screws inside
Turn so tight
Turning on you
I'm hanging on you
Ooh ooh

Baby blue
Don't go nowhere

I'm right beside you
Ooh ooh

Me and you
Going nowhere
I'm right beside you
Ooh ooh

You be my passerby
I'll be your new one to pass through

Screws inside
Turn so tight
Turning on you
I'm hanging on you

Taking you as low as you go
As low as you go
Taking you as low as you go
As low as you go

You be my passerby
I'll be your new one to pass through

Screws inside
Turned so tight
Turn it on you
I'll hang it on you

Taking you as low as you go
As low as you go
Taking you as low as you go
As low as you go

Taking you as low as you go
As low as you go
Taking you as low as you go
As low as you go

Taking you as low as you go
As low as you go
Taking you as low as you go
As low as you go
