Insecure

Delilah

So you're afraid, what about me?
Dare to claim that you can't breath
Hold my hand or I'll take yours
Don't let go cos how I feel
Is what you've made me
Though I'm praying on a sign
I'm insecure
You got me walking on the lines
Still I need you more
And all the things i feel
Are holding back from you
And all the dreams i dreamed
i'm sure they hold no truth
I'm insecure..
So you're afraid, What about me?
Stole my heart for all to see
Here i am, take me i'm yours
Dry my tears cause i can't see
Just what I've made me..
Though I'm praying on a sign
I'm insecure
You got me walking on the lines

Still i need you more
And all the things i feel
Are holding back from you
And all the dreams, i dreamed
i'm sure they won't come true
I'm insecure..
I realized that it's me being so cold
Trapped in a box, where my hearts been for so long
I realized, it's me being insecure..
I realized that it's me being so cold
Trapped in a box where my hearts been for so long
I realized that it's being insecure
Though I'm praying on a sign
I'm insecure
You got me walking on the lines
Still i need you more

And all the things i feel
Are holding back from you
And all the dreams, i dreamed
i'm sure They hold no truth
I'm insecure..
