

No More

Ideal

Yeah, yeah

This girl is callin' me again?

I know it ain't that same one

Yes, it is

What you gotta tell her, what are you gonna do?

Her time is up, she gotta go Your time is up

I'm sick and tired of all your games

Tell me why do you expect for me to feel the same way? I'm not gonna let you hurt me, no more, no more

I'm not gonna let you hurt me, no more, no more

I'm not gonna let you hurt me, no more, no more

I'm not gonna let you hurt me, no more, no more

I'm not gonna let you hurt me
