Get your money right if you pockets looking funny

Get your money right
Cause everybody bout they money

I got to work threw on my shirt and then i clocked in
when i saw the boss i thought shoulda had it tucked in watching all the kids
runin round in BGC shoppa at the studio instead i rather make a beat
either way i got to get it checked my watch get off at 9
15min's after 3 i guess i'll better waste some time
gotta drink and then i wonder bout wat esle is there to find
after that i had no buisness cause im always on the grind
got off work and now it's rainin still i jumped off in the chevy
window leakin im so tired of getting wet this is pithetic
put some tape off on the glass grab the towel out from the back
i just spent a thousand dollars and i gotta pay it back
then got back off in the chevy bout to listen to a track
see i really love my chevy but i rather have a lac
i can't really see the road and plus my phone goin off
and i think i need some gas so hell i guess i better stop
