# Texas

## Underworld

I got a heart as big as Texas but it's not made of stone it's not as tough as the salt of the earth I'll tell you that, for what it's worth... I didn't come here looking for you I didn't lie I said I didn't come here alone I swear that all I loved was your empathy someone - at last - to understand me! So understand me what I want from you if you

love me set me free, say - "I'm not in love with you" I've got a heart as big as Texas but something that big gets its own way it's tearing me in two directions I know my head - doesn't have a say! But I'm a respected responsible citizen I lie down when I make my bed but unless you block all roads in front of me this heart is gonna be the death of me!
