Don't Tease Me

ZZ Top

Baby, baby, I need you
I'll lay it on you with a straight shot
Baby, baby, I love you
I'll give it everything I got
I'm gonna try my best to hold you baby
Hold you in my armsTryin' my best to please you
Never ever tease you
Don't you go and break my heart
Don't burn me like a jet fuel
Baby just be cool
Don't go tearin' me apartBaby, baby I want you
I know we're thinkin' 'bout the same thing
Lord have mercy
I need you, I can read you like a magazine
I'm gonna try my best to hold you baby
Hold you in my armsTryin' my best to please you
Never ever tease you
Don't you go and break my heart
Don't burn me like a jet fuel
Baby just be cool
Don't go tearin' me apartYou know what I'm talkin' 'bout
Because I'm givin' you the headlines
Baby, baby I love you
Let's get ready for the good times
I'm gonna try my best to hold you baby
Hold you in my armsTryin' my best to please you
Never ever tease you
Don't you go and break my heart
Don't burn me like a jet fuel
Baby just be cool
Don't go tearin' me apart
