You Made Me Love You

R Kelly

The power of love, the power of love
Listen, said I, said I didn't, said I didn't
Said I didn't want to fall in love, oh oh oh
The power of love y'all
Anybody anybody anybody
Anybody anybody anybody
Anybody anybody anybody
Listen, I was just minding my business when
Ms. Purdy you came walking
My heart stopped said what is this just
As soon as you started talking
Something happened deep within me
All of a sudden I got this feeling
When a chill came from feet to head and then I
Turned away from you and said to myself
"This is not supposed to happen, brother
You've been hurt too many times before
First I tripped, then I slipped, then I fell"
You made me love you, babe, made me love you, babe
Made me love you, babe, made me love you, babe
You made me love you, babe, made me love you, babe
Made me love you, babe, made me love you, babe
You made me love you, babe, made me love you, babe
Made me love you, babe, made me love you, babe
Said you must be one of them top models
Body curved like a pop bottle
Got me sweating like a boxer, baby
I done stumbled up on a perfect lady
Could this be what heaven sent to me
An angel come to set me free
Love has been a stranger to me
And myself keeps telling me that
"This is not supposed to happen, brother
You've been hurt too many times before
First I tripped, then I slipped, then I fell"
You made me love you, babe, made me love you, babe
Made me love you, babe, made me love you, babe
You made me love you, babe, made me love you, babe
Made me love you, babe, made me love you, babe

You made me love you, babe, made me love you, babe
Made me love you, babe, made me love you, babe
Said the power of love, you see
Are 10 billion wonders to me like the moon and stars above
There's a whole new world for my eyes to see, yes sir
So much joy, darling you put in me
And now the sun is shining
Where there used to be rain, oh Lord
And now no more loneliness
No more hurt, no more pain
You made, you made me love you
You made me love you, babe, made me love you, babe
Made me love you, babe, made me love you, babe
You made me love you, babe, made me love you, babe
Made me love you, babe, made me love you, babe
You made me love you, babe, made me love you, babe
Made me love you, babe, made me love you, babe
...
