

# Say You Love Me

Natalie Cole

Say you love me  
Say I'm the one your eyes see  
Tell me you need me  
Deep down inside like I need you  
You see I need you to see me through  
I wanna hear you say darling, "Darling, I love you"  
So say, say you love me  
Say you love me, yeah, yeah, say you love me  
Say, just say you love me  
Say you love me, say you love me  
Through the rain and through the cold  
Together we will never grow old  
Sometimes the going will get a little tough  
And I must admit living with me can be rough  
But I, I need you to see me through  
I get off when you say, "Baby, baby, baby, I love you"

Say, say, just say you love me  
Wanna hear you say  
Say, say, you love me  
Ooh let me be, I wanna be your woman  
Together we can make a stand, I know, I know  
Let me take your trembling hand  
Somewhere in God's country we'll settle on a piece of land  
Because I need you to see me through  
I just wanna hear you say, "Oh, baby, baby, baby I love you, I love you"  
Say, say you love me  
Oh, just wanna hear you say, say, say  
Say, say you love me  
Say, say, say  
Say, say, say
