

Birthday

Destiny's Child

It's your birthday you have to do nothin' The time has come
And it's finally here
Have a candle lit dinner
Or just settle down my dear
Whatever you like boy it's all up to you
We can celebrate baby
'Cause it's your birthday
Now close your eyes babe
Listen to the melody
Anything you want my sweet
Just ask me
It's the day for us to share
So leave your problems up to me
Let start you and me
And make this day history It's your birthday
And we could spend time together
We gon' celebrate
You and me
It's your birthday
So baby blow out the candle
We gonna' celebrate
You know it's your birthday I'm sending out invitations
To let all your friends know that
It's your birthday
But all that I really wanna do
Is wrap you up and get in the groove
And keep you all to myself ooh (it's your birthday)
Now the mood is right now
And you don't have to fantasize
All your dreams could come true, but it's up to you
If you can't decide boy
Just give me all your mind
I've got a surprise
A present that you'll like oh It's your birthday
And we could spend time together
We gon' celebrate
You and me
It's your birthday
Baby blow out the candle

We gonna' celebrate
You know it's your birthdayIt's your birthday you don't have to do nothin'It's your birthday yeah
It's your birthday you don't have to do nothin'
It's your birthday you don't have to do nothin'It's your birthday you don't have to do nothin'
We gon' celebrate
It's your birthday
It's your birthday you don't have to do nothin'
We're gonna celebrate this evenin'
So blow out the candles (we gon' celebrate)
It's your birthday
It's your birthday you don't have to do nothin' (it's your birthday baby)
We gon' celebrate (celebrate ooh)
It's your birthday
It's your birthday you don't have to do nothin' (it's your birthday babe, babe)
We should celebrate
It's your birthdayHappy birthday babyIt's your birthday
It's your birthday you don't have to do nothin'
We gon' celebrate
It's your birthday
It's your birthday you don't have to do nothin'
We gon' celebrate
It's your birthday
It's your birthday you don't have to do nothin'
We gon' celebrate
It's your birthday
