

Dystopia

Lake of Tears

Do you know just how long it takes to get burned
Just how long it takes you know you will learn, to get burned
Do you know what it takes just to burn for a while
And then to put on a smile, cause it burns to play with fire
Sick of it all I am burning always
Do you know which
wave to take when it aches
And just how long it takes to get down from that wave when it breaks
Do you know just how long it takes to get burned
For sure you will learn how it burns
Sick of it all I am burning always
