Cowboy Up

Vince Gill

I'm puttin' on my favorite cowboy boots
Like a crazy bull rider comin' out of the chute
I'm ready for some dancin', maybe too much beer
Little bare-back rubbin's goin' on in hereHey little cowgirl, leave the Stetson on
Let's cowboy up and down, honey, all night longShe said her name was Levitra Marcantonio
I'm a bare back rider, okie, don't you know?
These frozen margaritas are goin' to my head
I could not believe it when Levitra saidHey Mr. Cowboy, come on and take me home
Gonna cowboy up and down, honey, all night longAll night long, oh, you're comin' on strong
All night long, come on and do me wrong, do me wrong, babyHey little cowgirl, leave just your Stetson on
Gonna cowboy up and down, honey, all night longHey little cowgirl, leave just your Stetson on
Gonna cowboy up and down till Levitra's gone
