Crackout

I realize my mistake
What a fool I have been, yeah
Exit from an old state of mind
I am a liarDistance is a preference
I am easier to hide my position
Chucky likes me
No one cannot deny herWhat lunacy? What insanity?
What am I to learn from you?
What am I to learn to do?
You wanna dance, so I'll dance, yeah, I'm dancing
What am I to learn to do?Angelica can see me
But everybody else isn't moving
Plastic broken
Sterile dreaming about itWhat lunacy? What insanity?
What am I to learn from you?
What am I to learn to do?
You wanna dance, so I'll dance, yeah, I'm dancing
What am I to learn to do?Presuming that no one is the same but me
Corrupting my crass emotion again
Somebody have meVolume
