Here With Me

Jennifer Paige

In my head
I have dreams
I have visions of many things
Questions longings in my mindPictures fill my head
I feel so trapped instead
But trapped doesn't seem so bad
'Cause you are hereIt doesn't mean anything
Without you here with me
And I can try to justify
But I still need you here with meIn my heart I had hope
Built on dreams I'll never know
Answers to love left behind
Visions filled my headI felt so trapped instead
But trapped didn't seem so bad
'Cause you were nearIt doesn't mean anything
Without you here with me
And I can try to justify
But I still need you here with meI can't do anything without you
You give me strength to do anything
And I can't be everything I try to
You saved me from the everything I couldn't beIt doesn't mean anything
Without you here with me
And I can try to justify
But I still need you here with meNeed you here with me
I need you here with me
