

# Never Know Why

## The Muggs

If we're offensive and pose a threat  
You fear what we represent is a mess  
You've missed the message that says it all  
And you'll never know why  
Oh no, you'll never know why  
We rock  
It's just a feeling how we excite  
You cannot rule everybody in sight  
But you condemn, don't understand  
And you'll never know why  
Oh no, you'll never know why  
We rock rock rock  
We rock rock rock  
We rock rock rock  
You'll never know why  
We rock  
I leave you cold and in disgust  
Don't try to tame me, you'll eat my dust  
I know that you know not what you do  
That's why you'll never know why  
Oh no, you'll never know why  
We rock rock rock  
We rock rock rock  
We rock rock rock  
You'll never know why  
We rock rock rock  
We rock rock rock  
We rock rock rock  
You'll never know why  
We rock
