

# Capital Punishment

## Aus-Rotten

It's mine, it's all mine you understand?  
At least me and my peoples, can you dig that?  
21st century thought I'd never see it  
Right around the corner, baby ours for the taking  
Yo, I've seen child blossom to man  
Some withered and turned to murderers  
Led astray by the liars death glorifiers observin' us  
Watching us close, marking our toast [unverified]  
Purposely overtaxin' the earnings  
Nervous, burning down the churches  
They're scared of us, rather beware than dare to trust  
Always in jail, million dollar bail, left there to rust  
Let's call in order, give ourselves a chance to enhance broader  
Advance to where minorities are the majority voter  
Holdin' my own, I'm livin' alone in this cold world  
My sister just bought a home without a loan, you go girl  
She's an exception, some people can leap to the impression  
See, me myself, I start flippin' and fall victim to deep depression  
I'm stressin' the issue here, so we can cross the fiscal year  
Tired of gettin' fired and hired as a pistol-eer  
There's no longevity living off negativity  
Fuck it, I'd rather sell reefer than do pizza delivery  
That's how the city be, everybody gettin they hustle on  
Judge singin' death penalty like it's his favorite fuckin' song  
Word is bond, takin' my life you know they lovin' it  
God 'F' the government and it's fuckin' capital punishment  
Capital punishment, given by the government  
System so organized they get to you and who you runnin' with  
Can't live alone, watch for the spies and tapped phones  
Totin' the llello for life, the rightful heir to the throne  
We come from Kings and Queens, people with dreams  
Gods and Earths  
For what it's worth we benefit the Earth with infinite worth  
First it's turnin' tables, open our own labels  
Disable the Republicans, then reverse capital punishment  
I've seen it all up close, shit out the movies you'd be buggin'  
My cousin JuJe, barely a juve', lost it and turned on the oven  
He wasn't playin', blew out the flame and started inhalin'  
Barin' a secret too deep to keep on the street for sharin'

Wearin' the virus, Acquired Immune Deficiency  
Dishin' his dick in every thick promiscuous fish in the sea  
Listen to me, shit is rough in the ghetto  
You bluff, blow your head off, fuck a snuff, we bust lead off  
Get off your high horse, or die off like an extinction  
Boriquans are like Mohican's, 'The Last of the Po' Ricans'  
We need some unity, fuck all the jeeps and jewelry  
The maturity, keeps me six feet, above obscurity  
The streets are deadly and everybody's a desperado  
I guess the motto we promise to let you homage in death your motto  
Like Zorro, I mark my territory with a symbol  
Not with a Z, but a P, 'cause Punishment's what I resemble  
I lend you this if it expands yours, for you and yours  
A real man can't fall, he stands tall  
The Man's claws are diggin' in my back, I'm tryin' to hit him back  
Time to counteract, where my niggaz at?  
Capital punishment, given by the government  
System so organized they get to you and who you runnin' with  
Can't live alone, watch for the spies and tapped phones  
Totin' the llello for life, the rightful heir to the throne  
We come from Kings and Queens, people with dreams  
Gods and Earths  
For what it's worth, we benefit the Earth with infinite worth  
First it's turnin' tables, open our own labels  
Disable the Republicans, then reverse capital punishment  
You like that, it's Pun and Prospect  
We hold nines, own more treasure than gold mines, makin' progress  
With Don Juan's, there's rules to be made, crews to be sprayed  
Dues to be paid, nuttin' y'all can do to behave  
We laid in the slums, made a cake out of crumbs  
Even though the government, tryin to take out our sons  
Rudy Gulliani trying to blind me, but I see reality  
Was raised with the street mentality  
My strategy's why my battery never die  
The ghetto kept me wise, so I would never fall to the lies  
It's no surprise, but do or die if you want the glamour  
Yeah, I want the glamour, laid up with cheese and trees in Atlanta  
While Cubans smoked out like Ronald Isley with Havanas  
The hammer in the palm, never shaky, calm handlers  
This renegade blow through barricades like grenades  
I turn the sun to shade, then the night back to day  
Like the twenty-four hour rotation  
I know the location, it's just a little information  
From the Squad, bringing the Terror for the nine-era  
And let it rain on your fine leather, nigga, what?
