Hello/Goodbye

Neverest

Hello, goodbye, good day, goodnight
You love, you hide, why?
You spring, you fall, turned on, turned off
What's wrong, what's wrong, love?You say, you don't know, you don't know
You don't know
You say, you don't know, you don't know
You don't know what's on your mindI'd love to hear you say anything but silence
You're unaware that I'm so tired
And I've tried to understand
Am I the only one cares here?
I can't let you, let you disappearYou seem at ease then climb your trees
You're different colors
On the edge I hope
Inside I choke, I'm falling underWhat am I, what am I to do?
Oh, what am I, what am I to do?
When you fly too highI'd love to hear you say anything but silence
You're unaware that I'm so tired
And I've tried to understand
Am I the only one who cares here?
I can't let you, let you disappearI'd love to hear you say anything but silence
You're unaware that I'm so tired
And I've tried to understand
Am I the only one who cares here?
I can't let you, let you disappearOh, I've tried to understand
Am I the only one who cares here?
I can't let you, let you disappear
