

I Wanna Drive You Home

ZZ Top

She is an American car
She isn't legal so she can't go far
She got her mind stuck up in second gear
Where she going ain't exactly clearBaby please, baby please
I wanna drive you homeLow mileage without a pink slip
Clean upholstery and it ain't been ripped
She's stripped her gears only late last night
I don't think that thing was oiling rightBaby please, baby please
I wanna drive you homeShe shakes and shimmies all over the road
She's always happy when she carry a load
Another lonesome automobile
Something bout the way she makes me feelBaby please, baby please
I wanna drive you home
