

Cheap Guitar

[Richard Julian](#)

Sometimes love is just a cheap guitar
Good for a trip to the beach or a bar
Not what you'd go at the show by far
Baby, this love is just a cheap guitar What are we hanging on to?
What are we hanging on to?
For just a beat to bang along to
What are we hanging on to? Love like a cheap guitar Sometimes love is just a rank motel
Springs in the mattress are all shot to hell
But it's late and you're low on fuel so you might as well
Baby, this love is like a rank motel What are we hanging on to?
What are we hanging on to?
For just a beat to bang along to
What are we hanging on to? Love like a cheap guitar You've got to listen to your heart, listen to your heart
Your heart will tell you, don't let your head try and sell you
Some kind of cheap imitation
Made in a Haitian sweatshop piece of junk What are we hanging on to?
What are we hanging on to?
For just a beat to bang along to
What are we hanging, what are we hanging on to? What are we hanging on to?
For just a beat to bang along to
What are we hanging on to? Love like a cheap guitar
