Automobile Blues

Soul Minority

I seen you drivin' 'round
In your brand new automobile
I see you drivin' 'round
Babe, in your brand new automobile
You're lookin' happy baby with your handsome
Your handsome driver at the wheelWell, come on, get me
Baby, let's go and have some fun
I just wanna see
Baby, well that new car run
Everything will be alright
Long about the break of dawn
In your brand new automoCome on, get me
Baby, let's go and have some fun
I just wanna see
Oh, baby, well that new car run
Everything will be alright, be alright
Long about the break of dawnI seen you drivin' 'round
Babe, in your brand new automobile
I seen you drivin' 'round
Man, in your brand new automobile
You're lookin' happy with your handsome driver
Than in your automobile
