

# Come to Me

## T.D. Jakes

If you call i will answer  
the cares of this world have left you dry..  
its getting serious almost disaster  
deceptive lies... intoxicated with dispair

Trying to find the answer anywhere to & fro asking everyone you know.....Now

### Chorus:

Come to me when the world is on your shoulder  
come to me....guarantee to take it over....  
There's nothing too hard  
No impossibilities.. if you come to me.

Crises of the heart uh uh it doesn't matter  
I am the solution, though it seems so Big.."  
Pursuits and promises.. al.....l addiction..

I'll intervene....oh yeah.. intoxicated with dispair

Trying to find the answer anywhere to & fro asking everyone you know...

### Chorus:

Now come to me when the world is on your shoulder  
Come to me....guarantee to take it over....  
There's nothing too hard  
No impossibilities.. if you come to me...

### Bridge:

All your battles i'll gladly fight  
Your torch of hope i'll promise light  
i will never leave you alone  
Nor forsake you if you will come...

Modulation:Yes Come.....

### Chorus:

To me...e.. e .. when the world is on your shoulder..  
Come to me...e...e.(runs)  
Guarantee to take it over.....  
Come to me.... (runs)  
with all your struggles and your test  
Lay them down.....  
and i promise to do the rest
