

The Recession (Intro)

Young Jeezy

Young, cheaThe recession is now here
Feel like norm I'm getting' cheers
I'm just speaking da truth
Ain't my fault if it strikes fearNiggas heard it was a recession
The whole world went into a panic
Glacier on my wrist
Same thang that sunk the titanicDon't get frantic once you here the lyrics just chant it
Ya'll not seen the bigger picture so stay out my frame
I'm a menace to society 'cause I keep dat KaneKnow you can't believe, huh
Straight from Columbia
Got da Cubans on call like a NokiaMr.175 get it by da field, sell it by da batch
And you better pay me fast
Or I'll do you like Yung Berg
Get cha chain snatched
Kidnap yo kid you won't get either one backIt's young, ayy
And I'm back, ayy
And I'm backI'm not a teacher but here's yo lesson
School of hark nocks nigga, the recession
