

Food Fight!

Be Your Own Pet

Lunch time is just not fair
Hot dog, mustard in your hair
Sucks for the janitor, fight on
Sucks for the janitor, fight on, fight on
Food fightCrash a six year old's birthday party
Smack some cake in her face, make her grab her mommy
Stand your fucking ground, fight on
You gotta stand your fucking ground, fight on, fight on
Food fightPizza party on a Friday night
On and on there's gonna be a food fight
Hawaiian style and lots of meat
Throw it in your pants and shoot your feetMash some cheese in your face
Don't give a fuck, you gotta keep up the pace
A pizza party on a Friday night
On and on there's gonna be a food fight
