

# Put It in God's Hands

## Keen Mountain Brothers

When life brings you hurt and pain.

    Your tears fall like rain.

    Your cross gets hard to bear.

    It seems like no one cares.

    You're standing all alone.

    You're barely hanging on.

    All around is shifting sand.

    Put it in God's hands.

chorus: Put it in God's hands. You know he understands just what you're going through. He really cares for you.

    He sees your broken heart when everything falls apart.

    He has a greater plan.Put it in God's hands.

    Now you find strength and grace.

        For your soul a resting place.

        Comfort for your troubled mind.

        Peace for the storm inside.

    He is waiting for you friend.

        Cast all your cares on Him.

    On your own you cannot stand.

    Put it in God's hands.

    Repeat chorus x two.

    Tag

    He has a greater plan. Put it in God's hands.
