

In the Army Kid

of Montreal

Riding to the station on the bus
Cause I want to pick out some books
 But Jen She's a librarian
 and she hunts my butt to this day
 Usually the bills make me stay
the night at banks so...Sorry but you're just not my type
 You know I'll walk you home anyway
 Did you know I had a funny dream
and in it I was in the armyRiding to the station on the bus
 Cause I want to pick out some books
 But Jen She's a librarian
 So it's time to get down spin on the ground
 And say I want to turn the daytime into dusk
 Or if you're very tired we can simply retire
and say I want to turn the nighttime into daySorry but you're just not my type
 You know I'll walk you home anyway
 Did you know I had a funny dream
 and in it I was in the army.
