I Love You

[Blu Cantrell](#)

We live in a world where reality
Depresses all emotions that live inside of me
Life can be so cruel, but you make it easier
Pick me up, when I was down
Now my feet's on solid ground, yeahYou can never tell someone too much
That you love them
You can never know when you go
That's why you tell him, baby
Tell him that you love himBaby how much can I tell you?
That I love, love, love you
Baby how much can I tell you?
That I love, love, love youAfter all that we been through
And never thought I, find someone
Who'd make me feel so good
I thank God for blessing me
For the opportunity
To be around someone like you
If everyone was like you
The world would be a better place, yeahYou can never tell someone too much
That you love them
You can never know when you go
That's why you tell him, baby
Tell him, baby yeahBaby how much can I tell you?
That I love, love, love you
Baby how much can I tell you?
That I love, love, love youBaby we need to be strong
We'll keep love alive
That's why I sing this song
For you, I'm gonna tell the world
I love you, yeahBaby how much can I tell you?
That I love, love, love you
Baby how much can I tell you?
That I love, love, love youBaby how much can I tell you?
That I love, love, love you
Baby how much can I tell you?
That I love, love, love youBaby how much, oh
Yeah
